Winter 2008

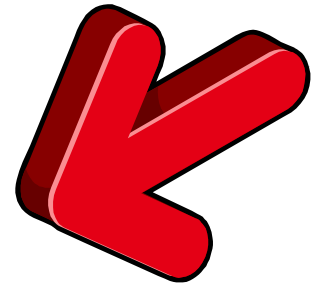

3X Software is the UK's leading provider of Credit/Debit/Purchasing card payment and address management software for the iSeries

## Welcome to our Winter Newsletter

Normally at this time of year we are thinking about what small gifts we can send out to our customers as a thank you, but as gifts are an issue for some organisations, regardless of how small they are we thought this year we would run a competition just for our customers and partners. So let's forget about the credit crunch for a while and enjoy some Christmas cheer. Have a look at page 2 of our newsletter to find out how you could win this fantastic prize:

## CHRISTMAS COMPETITION WIN THIS

The prize is this Acer Aspire One A150-Aw Netbook, Linpus Linux Lite version, 1GB DDR2 RAM, 120GB HD (Seashell White)

Good luck to all entering the competition. Also have a look at our new website [www.3xsoftware.co.uk](http://www.3xsoftware.co.uk).

We would also like to take this opportunity to wish you and your families a Merry Christmas and New Year.

### What a year it has been!

We may be blowing our own  but we have had a great year at 3X Software. We have supported our customers with PCI compliance with the introduction of our Encryption module for our EFT/400 customers.

We have become accredited suppliers of 3D Secure Merchant Plug In (MPI) for MasterCard SecureCode

and Verified by Visa

with our 3X

Secure product. We've also continued to help our customers implement new systems.

### What's coming up next year

Coming in 2009 from 3X Software:

Rational Business Developer

- ◇ Web enable your iSeries legacy systems without expensive run-time software

Enterprise Generation Language

- ◇ Build business applications faster than ever in EGL for multi-platform deployment in Java and COBOL

Rational Migration Extension

- ◇ Use Rational tools on your iSeries and migrate legacy applications to modern multi-platform graphical solutions

Call us to discuss the right solution to your business needs.

## Christmas Competition
